About the neighborhood of Quaint Acres: located off New Hampshire Avenue near White Oak [the neighborhood](#) is bordered by Northwest Branch Park. There are 156 Homes. Most were built between 1948 and 1974 and each lot is a little over an acre. The oldest home is the original farmhouse built in 1853 where Quaint Acres Drive and Applegrove Rd meet inside the Entrance to the Subdivision. The homes are great examples of custom Mid-Century Modern Houses and no two are alike. This is a quiet, lovely neighborhood, where you can still find homes set back from the street on gorgeous, large, wooded lots, and NO McMansions! what-so-ever.
